

ORIGINAL SLIM RECYCLED VELVET

Fatboy Original is the one and only beanbag since 1998. This updated version in recycled velvet adds some shimmer and style to your interior.

Here's the story

Original Slim Recycled Velvet belongs to Fatboy's special indoor collection made of luxury recycled velvet. This beanbag still features the original look, but Fatboy gives it a more delicate touch by making it smaller and by cloaking it in a smooth and plush covering.

100% recycled polyester

Original Slim Velvet is designed for indoor use and gives your interior a royal treat. The velvety cover is made of 100% recycled polyester. This fabric reflects light, giving the beanbag a beautiful shimmer that lends a subtle nuance to every color. Depending on the intensity and direction of the light, colors may appear lighter or darker, bringing a unique and vivid quality to Original Slim Recycled Velvet.

A stylish color palette

Original Slim Recycled Velvet is a stylish lifestyle icon and ultimately comfortable at the same time. The beanbag is available in multiple elegant colors. Sit or lie down and enjoy the luxury of lounging any way you want.
