

ATTACKLE!

This modern four-legged design bench guarantees a smile

Tackle all your problems with the Attackle. A loyal buddy with very few needs. A little love and attention is all it needs. Attackle is a bench based on and inspired by the iconic balloon animals. Shaped like a dachshund, Attackle will give you lots of puppy love. The best part is that you don't even have to walk him. Take a seat on his back. Swap your dress shoes for your favorite slippers. Enjoy the moment. Together with your four-legged friend.

In contrast to most animal friends, Attackle won't get a dirty coat as it's dirt and moisture-repellent. Attackle is strong and reliable, outdoor proof.

A sustainable step

Fatboy feels responsible for the impact it has on the planet and future generations. Fatboy is working to improve its ecological footprint. This means sustainable innovation and incorporating it in the materials used. The black Attackles are completely made of fully recycled polyethylene. All the more reason to get one of these sustainable doggies.
