

# ORIGINAL FLOATZAC

With Floatzac you don't need a boat to rule the waters.

## Here's the story

Fatboy's Original is so comfortable that you'll have a hard time getting up from it. However, a refreshing plunge into the water on a hot day can be very tempting. What if you could combine these two?

With Floatzac, Fatboy hands you the perfect seat for the summer. A newly developed Original for in, or even better, on the water. Floatzac lets you experience the familiar comfort of your favourite bean bag while floating on water. Fatboy's Floatzac is filled with quick drying, water resistant pearls and equipped with a strong mesh to enable the outflow of water from the bottom side. Two firm handles allow you to pull Floatzac out of the water and by simply adjusting the two straps you turn it into a pleasant lounge seat to be used at the poolside. With modern and chlorine resistant colors to choose from, Fatboy introduces you to your new friend for on and around the water. Floatzac is made from a sustainable and high-quality fabric, making it dirt repellent and UV-resistant. With Floatzac you don't need a boat to rule the waters.
