

CARPRETTY

Lots of carpet, lots of prettiness.

Here's the story

They say beauty is in the eye of the beholder. There's a lot to behold here.

Carpretty – carpet + pretty – comes in two sizes and designs. The non-slip, flatweave structure gives the carpets some brawn as well as a chic edge. Both make an appearance in a big way in your home and yard. Available in two stylish designs, you can have it large with these ones.

Carpretty Grand Frame

Measuring 200 by 290 centimeters, Carpretty Grand Frame gives style and edge to both indoor and outdoor spaces. Being water-resistant and highly durable, the carpet is resistant to rainfall as well as extensive, frequent use. But it has a softer side, too. A non-slip rich weave – a type of double-layer structure – feels soft under your feet and adds a homely feel to your patio or deck. Carpretty Grand Frame is a true peacemaker, uniting home and yard. A softie on the outside and inside, love is in the air between Carpretty and Toní Tablo (Fatboy's big dining table from the Toní series). Combine these two and you've got a match made in heaven.

Nice to know!

Carpretty Grand Frame

- For indoor and outdoor use.
- Available in blue and off-white.
- Material: polypropylene.
- Dimensions: 290 x 200 cm.
- Weight: 6.45 kg.
- Great match with Paletti as well.

Carpretty Petit Nottazebroh

It is nottazebroh, it is actually a tiger!

Carpretty Petit Nottazebroh adds a dash of the wild and is a real eye-catcher. Slightly smaller than the Grand Frame, but just as soft.

Durable and water resistant, Fatboy's sizeable 230 by 160 centimeter Nottazebroh is designed for extensive, frequent use both in your home or yard. Thanks to its design, the carpet adds a stylish touch to your outdoor space. Easy to fold, and lightweight, the carpet is also as tame as it is wild. Scout your home and yard for the ideal habitat and enjoy a touch of wild life.
