

Set up tips

Follow our **tips** to fully enjoy Miasun.

1. Hold the poles in the air, they will unfold themselves.
2. The horizontal pole has to **follow the wind** direction.
3. Make sure to **extend** the fluorescent strings by pulling the plastic tensioners.
4. Stick the vertical poles **deeply** in the ground (5 cm / 2 inches).
5. Place the pegs **diagonally** into the ground.
6. Tension the fluorescent strings as **tight as possible**, you're all set!
