

# HEADDEMOCK & HEADDEMOCK SUPERB

Resign yourself to hammock life.

## Here's the story

Why sit when you can hang around? Living life horizontally is always more fun. And with Headdemock and Headdemock Superb that's always possible. Any where, any time.

You don't need trees either. Thanks to their aluminum frames, these hammocks are self-supporting. Wherever you want. So lie down, relax and do absolutely nothing. With all the lack of energy that you can muster.

## Couldn't be easier

Headdemock and Headdemock Superb are generously oversized. They offer plenty of room, easily enough for two people (up to 150 kilo). And with Headdemock you don't have to be a DIY star to enjoy hammock life. Just assemble the frame, roll out the hammock and hook it up. Set the ideal height and you're good to go. Nowhere.

## Polyester, Acrylic or Olefin

Headdemock is made from colorful polyester and is available in many colors. Headdemock Superb is made from super-strong Acrylic or Olefin, which are weatherproof and waterproof. This means you can leave Headdemock Superb outside all-year-round. So as soon as the sun shines, you can climb onto your Headdemock Superb and get in some serious hammock time.

## All you need to get the most out of doing nothing

The devil is in the detail. Which is why Fatboy has thought of everything in the way of accessories. Such as Headdemock Cover, a raincoat for your hammock. Then there's Headdemock Pillow or Superb Pillow, which take comfort to the next level. Need more accessories? It's easy to order extra straps, caps or rings. For even more years of hanging around, doing nothing.
