

# JOLLY TROLLEY

A design fest on wheels that's full of surprises.

## Here's the story

Make every day party time with Jolly Trolley. Wheel the trolley bar past your guests and mix them the tastiest cocktails. Or make a regular companion of your Jolly Trolley while you are on your balcony. Alternatively, decorate it with plants and revel in its cozy lighting while enjoying a good book. This design fest on wheels will be a source of pleasure for many years to come.

## Let the good times roll

Jolly Trolley is full of surprises. Its upper part, for example, doubles as a removable tray on which you can serve snacks and drinks. Spilled something? No problem, you can easily wipe the tray. Thanks to its vertical assistance handle you can smoothly steer Jolly Trolley alongside your guests. The tube to which the lamp is attached also houses the rechargeable battery and the on/off button for the dimmable LED lamp. Battery drained? Simply remove it and charge it indoors through the USB-C connection.

## Many-sided sidekick

Jolly Trolley will never fail to make your garden or balcony more fun. As a mobile bar, for example. Or a potting table while gardening, or your trusty sidekick for all your implements and sauces while barbecuing. Thanks to its aluminum build and outdoor coating, it can easily be left outside. Not a big fan of rain yourself? Simply roll your Jolly Trolley inside and let the festivities continue.

## Nice to know!

- For indoor and outdoor use.
- Available in dark sage, light grey and tangerine.
- Material: aluminum with a fine texture powder coating.
- Dimensions: 78 x 55 x 200 cm.
