

# DOGGIELOUNGE OLEFIN

The ultimate upgrade of the classic dog bed.

## Here's the story

Is your dog bed hidden in a corner? Not this one! Doggielounge is the ultimate upgrade of the classic dog bed and it looks great in any interior. It's also super sturdy as well as water and dirt resistant. Eau de wet dog is no longer an issue. All you need to do is occasionally wipe it down with a damp cloth and your Doggielounge will be as good as new.

## For small and large dogs

Doggielounge Small is perfect for any dog that fits in a serious handbag. Ideal for relaxing together: you stretch out on your sofa and your dog has its own throne. Then there's the Doggielounge Large. It looks so comfortable that you may feel like taking a nap on it yourself. This oversized dog cushion, with a non-slip bottom, is ready for any large dog — or any dog that feels big.

## Super sturdy

The cover of Doggielounge Olefin is made of 100% Olefin. This fabric is colorfast and your four-legged friend would have to work hard for a long time to even start to wear it out. Did your Doggielounge get dirty? No problem, you can wash the Doggielounge Olefin cover or even clean it with bleach.
