

# CHEERIO

## Cheers!

This table lamp adds an extra touch of coziness to dinners and gatherings with friends or family. With Cheerio, Fatboy translates the classic large floor lamp into a modern, downsized version for your table. Typically archetypal, and typically Fatboy. Cheerio may appear delicate, but it packs more substance than meets the eye. With its heavy steel base, Cheerio stands strong anywhere you place it and sets the mood. Because it's made from high-quality materials, and thanks to its wireless design, there's no place indoors or outdoors where Cheerio doesn't feel at home.

## Small size with a grand design

Don't be fooled by Cheerio's modest size. This compact mood-setter is packed with clever details. The LED lamp is a detachable element that clicks onto the base's tray with a strong magnet. With just a press of the button on top of the lamp, you can turn Cheerio on or off. Holding the button allows you to adjust the light level of the lamp, from cozy dimness to festive brightness. Also pretty handy: when you turn it on, Cheerio remembers the last chosen setting. When it's dimmed to the max, Cheerio's battery provides up to 100 hours of cozy lighting. Is it running low? Simply remove the lamp from the tray to quickly recharge it – within two hours – with the magnetic USB cable provided.

## Set the mood, everywhere

With Cheerio, you can go everywhere. Cheerio is wireless and rechargeable, allowing it to cast its warm white LED light anywhere. Whether it's on your dining table during a dinner with friends or an intimate meal for two, on your kitchen counter or coffee table, in the hallway or on your bedside table, on your balcony or in your garden, Cheerio sets the mood. Cheerio's stand is made of rust-resistant steel, coated with a high-quality powder finish. That means you don't have to worry about leaving Cheerio outside – even during a summer shower.

## Nice to know

- For indoor and outdoor use.
- Available in anthracite, desert and sage.
- Material base: steel.
- Material lamp: ABS and silicone.
- Dimensions: 8 Ø x 25.8 cm.
- Weight: 0.38 kg.
- Sturdy base with non-slip bottom.
- EUR 65 | GBP 65 | NOK 689 | SEK 689 | DKK 489 | CHF 89.
