

# BOLLEKE MINI LA SURPRISE

## Great atmosphere maker in mini format

Fatboy has a big mini surprise for you! The iconic Bolleke LED ball lamp is now available in a mini version: Bolleke Mini la Surprise. Although Bolleke Mini la Surprise may be small in size, it is undoubtedly a great atmosphere creator. This spherical lamp can be hung anywhere, indoors and outdoors, thanks to the practical silicone loop. And because it has a wireless design, you'll never have to hassle with cables again. The ideal gift for... everyone, right?

## Just dim

Bolleke Mini la Surprise provides even light over the entire sphere. The color of the cord matches the top of the ball exactly. And you can easily turn it on and off with a button on the top. Bolleke Mini la Surprise is dimmable and has three different settings. It provides mood lighting for up to 24 hours, perfect for endless (summer) evenings. Has the light gone out after all those hours of fun? Then you can easily charge it with the included USB cable. This little friend has been carefully thought out and is made to light up your life for years to come.

## Wherever you want...

There's no place where you can't hang Bolleke Mini la Surprise, thanks to its compact size and flexible loop. Outside in a tree, inside your hall or on the kids' loft bed – you can't imagine anything so amazingly convenient. Make it a Bolleke party by hanging several of them together. This mini atmosphere maker is a translation of the larger Bolleke lamp, and was designed in collaboration with Nathalie Schellekens. Nathalie is known for her timeless, iconic and at the same time practical designs. For Bolleke's design, she was inspired by the sturdy sail ties, with which you can easily tie up a sailboat's sails.
