

SUMO SOFA MINGLE

Your favorite chill spot

You'll immediately recognize the Sumo Sofa Mingle as a Fatboy sofa. Its design is strong, smart and circular. The Sumo Sofa Mingle is inspired by a collection of cushions and is super generous, which makes it immediately iconic. Because it is modular, you can relax exactly the way you want. Should you opt for a love seat setup or will you go for an impressive long corner sofa? With the Sumo Sofa Mingle you can go in any direction. Put together your own set and create your favorite chill spot in any room – large or small.

Casual bouclé

The Sumo Sofa Mingle is made from a casual bouclé fabric. This fabric is chic and super strong. The Mingle fabric is woven with yarn in different shades, giving it a beautiful color blend. The Mingle fabric is durable and remains beautiful for years. Thanks to a special treatment, it's also stain-resistant. Worried about cleaning up? No problem, you can easily remove even messy stains with a damp cloth or wash the covers in the washing machine. This indoor sofa invites you to relax, but at the same time also offers a sturdy seat. Looking for even more comfort? Then combine the Sumo Sofa Mingle with a Puff Pillow Mingle cushion. The cushion is made of the same bouclé fabric and is therefore the perfect addition to the Sumo Sofa Mingle.

Circular design

The Sumo Sofa Mingle is designed to be enjoyed for years to come. Are you moving or would you like a new setup? Thanks to the separate modules, you can easily customize your Sumo Sofa Mingle set. Are you ready for a new color? Give your Sumo Sofa a new outfit by simply changing the sofa covers. Its design is well thought out and of the highest quality, down to every detail. If there is any wear, each part can be replaced separately. There is absolutely nothing glued together in the inner frame. Your Sumo Sofa only wants one thing: to grow old with you. If you ever want to part with it, you can completely disassemble it and recycle all of the parts.
