

# BOLLEKE MINI SET

## Three times the ambiance, in mini format

Fatboy presents the Bolleke Mini Set: three iconic, wireless LED light orbs in one set. They may be small in size, but they're big on ambiance. Indoors or outdoors, hang them anywhere with the practical silicone loop. Thanks to the wireless design, you'll never have to deal with tangled cables again.

## Time to dim...

The Bolleke Mini emits a soft, warm light that's perfect for any occasion. With three different light settings and a battery life of up to 24 hours, you've got all the options to create your ideal atmosphere. They're easy to recharge with a single USB cable that connects all three lights at once. Perfect for long evenings, romantic dinners, or even as a nightlight.

## Create your own Bolleke party

These little Bolleke lamps are the mini version of the larger Bolleke lamp, designed by Nathalie Schellekens. Inspired by sailing ties used on sailboats, this timeless and practical design seamlessly combines style and functionality.
