

ADOREGANIZER

Fatboy's handy and multifunctional organizer

The Adoreganizer is exactly what its name suggests: an organizer you'll instantly adore. This versatile centerpiece combines sleek design with smart storage solutions. Whether you're tidying up kitchen essentials, displaying plants, or turning it into a mini bar, the Adoreganizer adapts effortlessly. With its signature Fatboy-design, it fits perfectly in any space, both indoors and out. Use it to showcase your playful candleholder or finally give those scattered magazines a proper home. You can not only store things inside the box but also use the lid as a tray to display your favorite items.

Choose your favorite setup

The Adoreganizer isn't just an eye-catcher—it's also incredibly practical. The sturdy steel frame comes together in minutes with just six screws. Its cover, made from tough, water-resistant olefin fabric, stays perfectly snug thanks to adjustable screws of the box. Got it dirty? No worries — the cover comes off very easily and can be hand-washed back to fresh. The smart design lets you choose how to set it up: place the storage box at the top or bottom of the frame. Position the lid on top of the box, or move it down to use as a tray. And with protective nubs on the bottom of the frame, your floors stay scratch-free no matter where you place it. Of course, the iconic red Fatboy label seals the deal.

Always fits right in

The Adoreganizer feels at home anywhere: from your hallway to the balcony and from your bathroom to the garden. Use it as a side table in the living room, a herb rack in the kitchen, or a plant stand on your terrace. It's perfect for storing gardening tools or showcasing a few candles, lamps, or a beautiful vase. Its sturdy, weatherproof frame and water-repellent fabric cover make it suitable for both indoor and outdoor use. Practical, versatile, and unmistakably Fatboy—just as you'd expect.
